FD 332

DOCUMENT FOLDER

Standard Features:

- **“Drop-in” Feed System:**
No fanning of paper required. Simply square the paper and load in the hopper.
- **Cross-Folding:**
Guides are included for maximum performance.
- **4-Digit Batch Counter:**
Accurately counts all documents processed. Batch mode allows users to key in a pre-determined amount.
- **Fine Tune Adjustment:**
To accurately set for crisp and accurate folds.
- **Conveyor System:**
For smooth stacking of folded documents.
- **Fault Detection:** Automatically stops operation and indicates fault location.

332 Control Panel

The FD 332 folder is a fast, dependable and easy-to-use solution for virtually all folding applications. Six popular folds are clearly marked on the fold plates for quick set-up. Adjustments can also be made to process unique custom folds.

A “drop-in” feed system allows even first time users to confidently use the FD 332 to process letters, brochures and other documents. This feed system eliminates the tedious process of fanning forms, creating professionally finished documents which have crisp and accurate folds.
