# ENVELOPE IMAGER II

## RENA HIGH-SPEED DESKTOP INKJET ENVELOPE IMAGING SYSTEM

**Production speed, Desktop size.** The reasonably priced **ENVELOPE IMAGER II** prints addresses and barcodes directly onto mailpieces at speeds up to 22,000 pieces per hour – it's a high speed mailing system with a footprint designed for a desktop.

**Cost Effective.** At less than half the cost of other high-speed envelope printing systems, the **ENVELOPE IMAGER II** proves to be an outstanding value, without compromising performance!

**Durable and reliable.** Like all Rena products, it's quality-engineered for smooth, reliable performance. With a life cycle of millions of envelopes, the **ENVELOPE IMAGER II** is built to last.

**JETMate Inside.** Included free with every printer is our exclusive envelope imaging software, RENA JETMate. Drag and click to design your envelope – it's that easy! Print addresses, barcodes, graphics and TrueType fonts.

**Flexibility built in!** Being able to choose between 600, 450, 300 & 200 dpi optimizes ink consumption and maximizes performance on glossy material.

**The Envelope Imager II provides professional quality and production speeds in a small package.**

**Authorized Rena Dealer:**
